To whom it may concern:

Jan Weatherburn

This letter is to confirm that Ms Jan Weatherburn has been our bookkeeper since January 2003, during which time she has provided our business with outstanding service.

Jan is conscientious, detail-oriented, meticulous, and accurate in everything she does. I cannot say enough about her attention to detail and accuracy. She is superb at detecting errors in our accounts, and in reconciling them.

Her exceptional organizational skills along with her straightforward and no-nonsense approach made her a great asset to our organisation.

I can confidently recommend Jan Weatherburn as a solid and reliable bookkeeper, a joy to work with and an expert in her field.

Yours faithfully,
