## **TO WHOM IT MAY CONCERN**

**I have had dealings with Jan Weatherburn for the last three years. All my communications with Jan have been conducted in a professional, friendly manner. Auto King has had several accountants in the past, all of whom have been less than adequate. From the time Jan took over our accounts, which were in total disarray, we have had feedback relating to any queries (from both sides), accounts produced on time and any communications have always been dealt with efficiently.**

**I am sorry that Jan is leaving, but wish her well with all her endeavours.**

**Yours sincerely**
